IT COMPETENCIES

HTML/HTML5 & CSS/CSS3

Git + Github

Java Script

React + Redux + React Hooks

MySQL

PROFILE

I am a beginner in web development with foundational knowledge in JavaScript, HTML, and CSS. Eager to learn and grow, I am currently focusing on the React framework to enhance my skills. I enjoy working with modern technologies, combining creativity and logic to build functional applications. I am motivated, passionate, and always open to new challenges and opportunities for professional growth. Outside of IT, I enjoy traveling and exploring new places.

WORK EXPERIENCE

Web developer

2022 - Present

Freelance • Part-Time

- Building websites from scratch or making modifications to existing websites according to client requirements.
- Creating the visual elements of a website that users interact with, including layout, design, and user interface components.
